# WHEN YOU KNOW HOW MUCH...

## MONEY AND MENTAL ARITHMETIC

Here are some cards to let your child choose their own shopping from the book. Can they work out how much they will pay at the checkout? Encourage them to start with prices that form number bonds to 10 or 20 to make it easier. They can use their fingers, a calculator or work it out in their heads. The more they play, the better they'll get.
